Product identifier neodisher MediClean Dental 1.2. Relevant identified uses of the substance or mixture and uses advised against Identified Uses PC35 Washing and cleaning products (including solvent based products) 1.3. Details of the supplier of the safety data sheet Address: Chemische Fabrik Dr. Weigert GmbH & Co. KG Mühlenhagen 85 D-20539 Hamburg Telephone no. +49 40 789 60 0 Fax no. +49 40 789 60 120 www.drweigert.com E-mail address of person responsible for this SDS: sida@drweigert.de 1.4. Emergency telephone number Emergency telephone number: 112 SECTION 2: Hazards identification 2.1. Classification of the substance or mixture Classification (Regulation (EC) No. 1272/2008) Classification (Regulation (EC) No. 1272/2008) Eve Irrit. 2 H319 The product is classified and labelled in accordance with Regulation (EC) No 1272/2008 For explanation of abbreviations see section 16. 2.2. Label elements Labelling according to regulation (EC) No 1272/2008 Hazard pictograms Signal word Warning Hazard statements H319 Causes serious eye irritation. **Precautionary statements** P280 Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact

lenses, if present and easy to do. Continue rinsing.

#### neodisher MediClean Dental Print date: 08.09.22 Replaces Version: - / GB Date revised: 18.08.2021 Version: 3 / GB P337+P313 If eye irritation persists: Get medical advice/attention. Dispose only when container is empty and closed. For disposal of product residues, refer to safety data sheet. 2.3. Other hazards No special hazards have to be mentioned. The product contains no PBT or vPvB substances. SECTION 3: Composition/information on ingredients 3.2. Mixtures **Hazardous ingredients** 2.2'-iminodiethanol CAS No. 111-42-2 EINECS no. 203-868-0 Registration no. 01-2119488930-28 Concentration >= 3 % < 1 Classification (Regulation (EC) No. 1272/2008) Acute Tox. 4 H302 Skin Irrit. 2 H315 Eye Dam. 1 H318 STOT RE 2 H373 Repr. 2 H361fd fatty alcohols, alkoxylated CAS No. 120313-48-6 Concentration % >= 0.1 < 1 Classification (Regulation (EC) No. 1272/2008) Skin Irrit. 2 H315 Aquatic Acute 1 H400 Aquatic Chronic 3 H412 Other information Complete text of hazard statements in chapter 16 SECTION 4: First aid measures 4.1. Description of first aid measures General information Remove contaminated, soaked clothing immediately and dispose of safely. After inhalation Ensure supply of fresh air. In the event of symptoms take medical treatment. After skin contact After contact with skin, wash immediately with plenty of water. Consult a doctor if skin irritation persists. After eye contact In case of contact with the eyes, rinse immediately for at least 15 minutes with plenty of water. In case of irritation consult an oculist. After ingestion Rinse mouth thoroughly with water. Adhere to personal protective measures when giving first aid First aider: Pay attention to self-protection! 4.2. Most important symptoms and effects, both acute and delayed Until now no symptoms known so far.

## 4.3. Indication of any immediate medical attention and special treatment needed

#### Hints for the physician / hazards

In the case of swallowing with subsequent vomiting, aspiration of the lungs can occur which can lead to chemical pneumonia or asphyxiation.

### **SECTION 5: Firefighting measures**

#### 5.1. Extinguishing media

#### Suitable extinguishing media

Product itself is non-combustible; adapt fire extinguishing measures to surrounding areas.

#### Non suitable extinguishing media

Full water jet

## 5.2. Special hazards arising from the substance or mixture

In case of combustion evolution of dangerous gases possible.

#### 5.3. Advice for firefighters

#### Special protective equipment for fire-fighting

Do not inhale explosion and/or combustion gases. In case of combustion use a suitable breathing apparatus.

#### Other information

Collect contaminated fire-fighting water separately, must not be discharged into the drains. Fire residues and contaminated fire-fighting water must be disposed of in accordance with the local regulations.

#### **SECTION 6: Accidental release measures**

#### **6.1. Personal precautions, protective equipment and emergency procedures** Avoid contact with skin, eves and clothing. Refer to protective measures listed in Sections 7 and 8.

#### 6.2. Environmental precautions

Do not discharge into the drains/surface waters/groundwater.

#### 6.3. Methods and material for containment and cleaning up

Pick up with absorbent material. Dispose of absorbed material in accordance with the regulations.

#### 6.4. Reference to other sections

Refer to protective measures listed in Sections 7 and 8.

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

### Advice on safe handling

Avoid formation of aerosols. Observe the usual precautions for handling chemicals. Keep container tightly closed.

#### Advice on protection against fire and explosion

The product is not combustible.

#### 7.2. Conditions for safe storage, including any incompatibilities

Recommended storage temperature

> 0 < 25

#### **Requirements for storage rooms and vessels**

Keep in original packaging, tightly closed. Storage rooms must be properly ventilated. Containers which are opened must be carefully resealed and kept upright to prevent leakage.
